-
- A top-down view of a silver laptop with a black keyboard, centered on a light-colored wooden surface. The laptop is surrounded by a variety of hand tools, including wrenches, pliers, screwdrivers, a hammer, a saw, a level, a brush, and a drill, arranged in a circular pattern around the device. The tools are of various colors and sizes, creating a dense and organized arrangement. The wooden surface has a natural grain pattern, and the overall composition suggests a theme of craftsmanship or technology integrated with traditional tools.
